foreword

The EVERGREEN AND GOLD evolved from the graduation issue of the GATEWAY in 1920. It was first given its official name in 1921. Until 1933 the yearbook was chiefly a photo album emphasizing graduating students. Little emphasis was placed on sports and social activities. The major changes in the book arrived at the depths of the depression when printers and publishers, in an effort to keep their staffs employed, lowered costs and turned out issues so elaborate that they have never been equalled since. The peak of production of these highly artistic annuals was reached just before the war. War presented many hazards to the Director; lack of staff; higher prices; and low priority rating in both production and materials. Furthermore, time spent on the yearbook increased the director's and staff's chances of flunking out, which in many cases meant conscription. As the years passed antiquated methods of production failed to cope with post war demands, resulting in delay in publication. The desire to have the book released for convocation required that more work be done off the campus. Consequently in 1951 the practice of hiring a producer to assemble the book under rigid contract was inaugurated. While achieving its aim of turning out the book on time, the system of hard and fast deadlines caused many headaches. Major price increases in materials and production necessitated a reduction in the size and quality to the point where changes in style and an increase in fees were required.

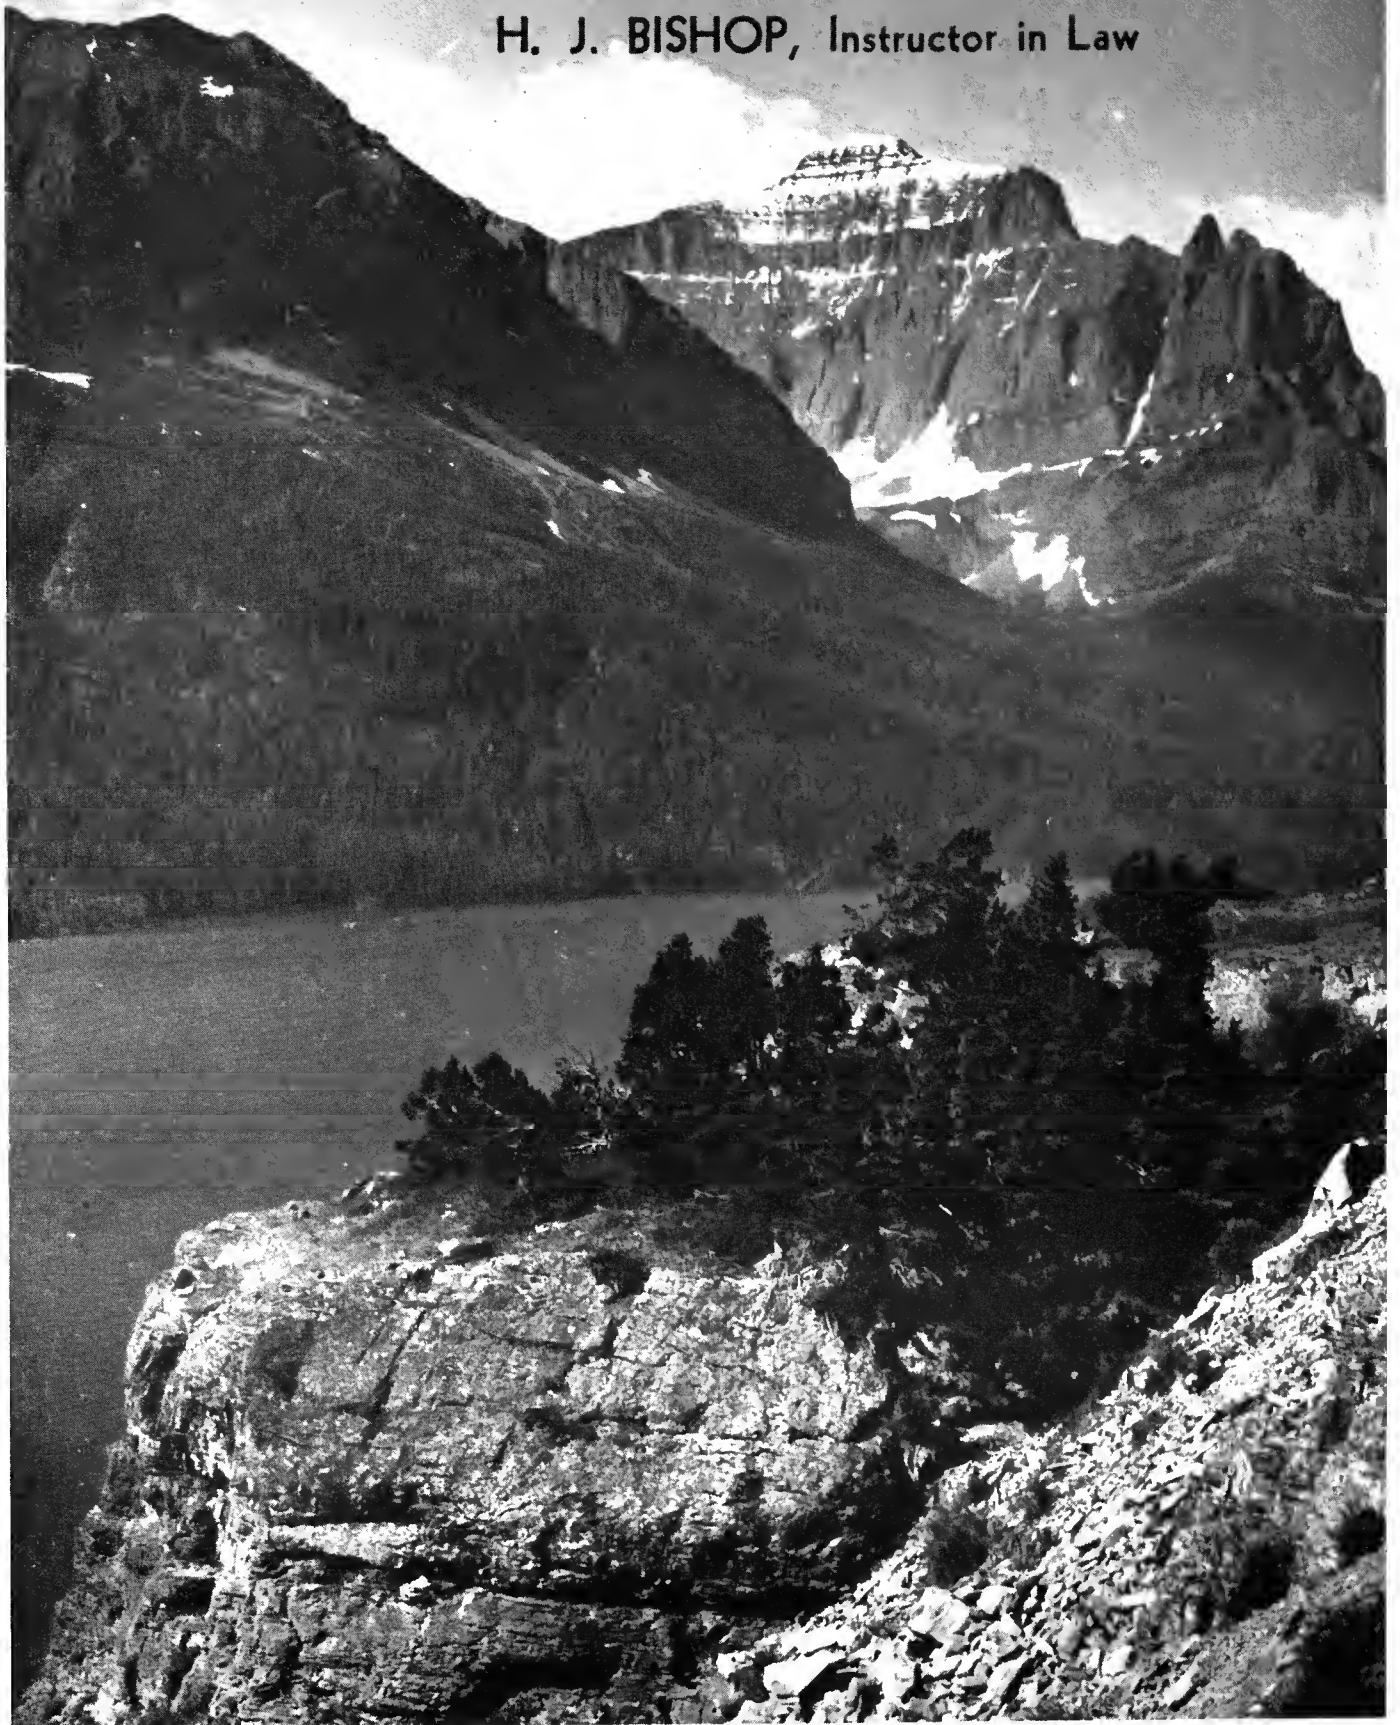

The 1954 EVERGREEN AND GOLD represents an attempt to develop a style more acceptable to the student body and at the same time ease the pressure on the production staff. It is with this aim that the Director presents for your approval this 1954 issue, now before you.

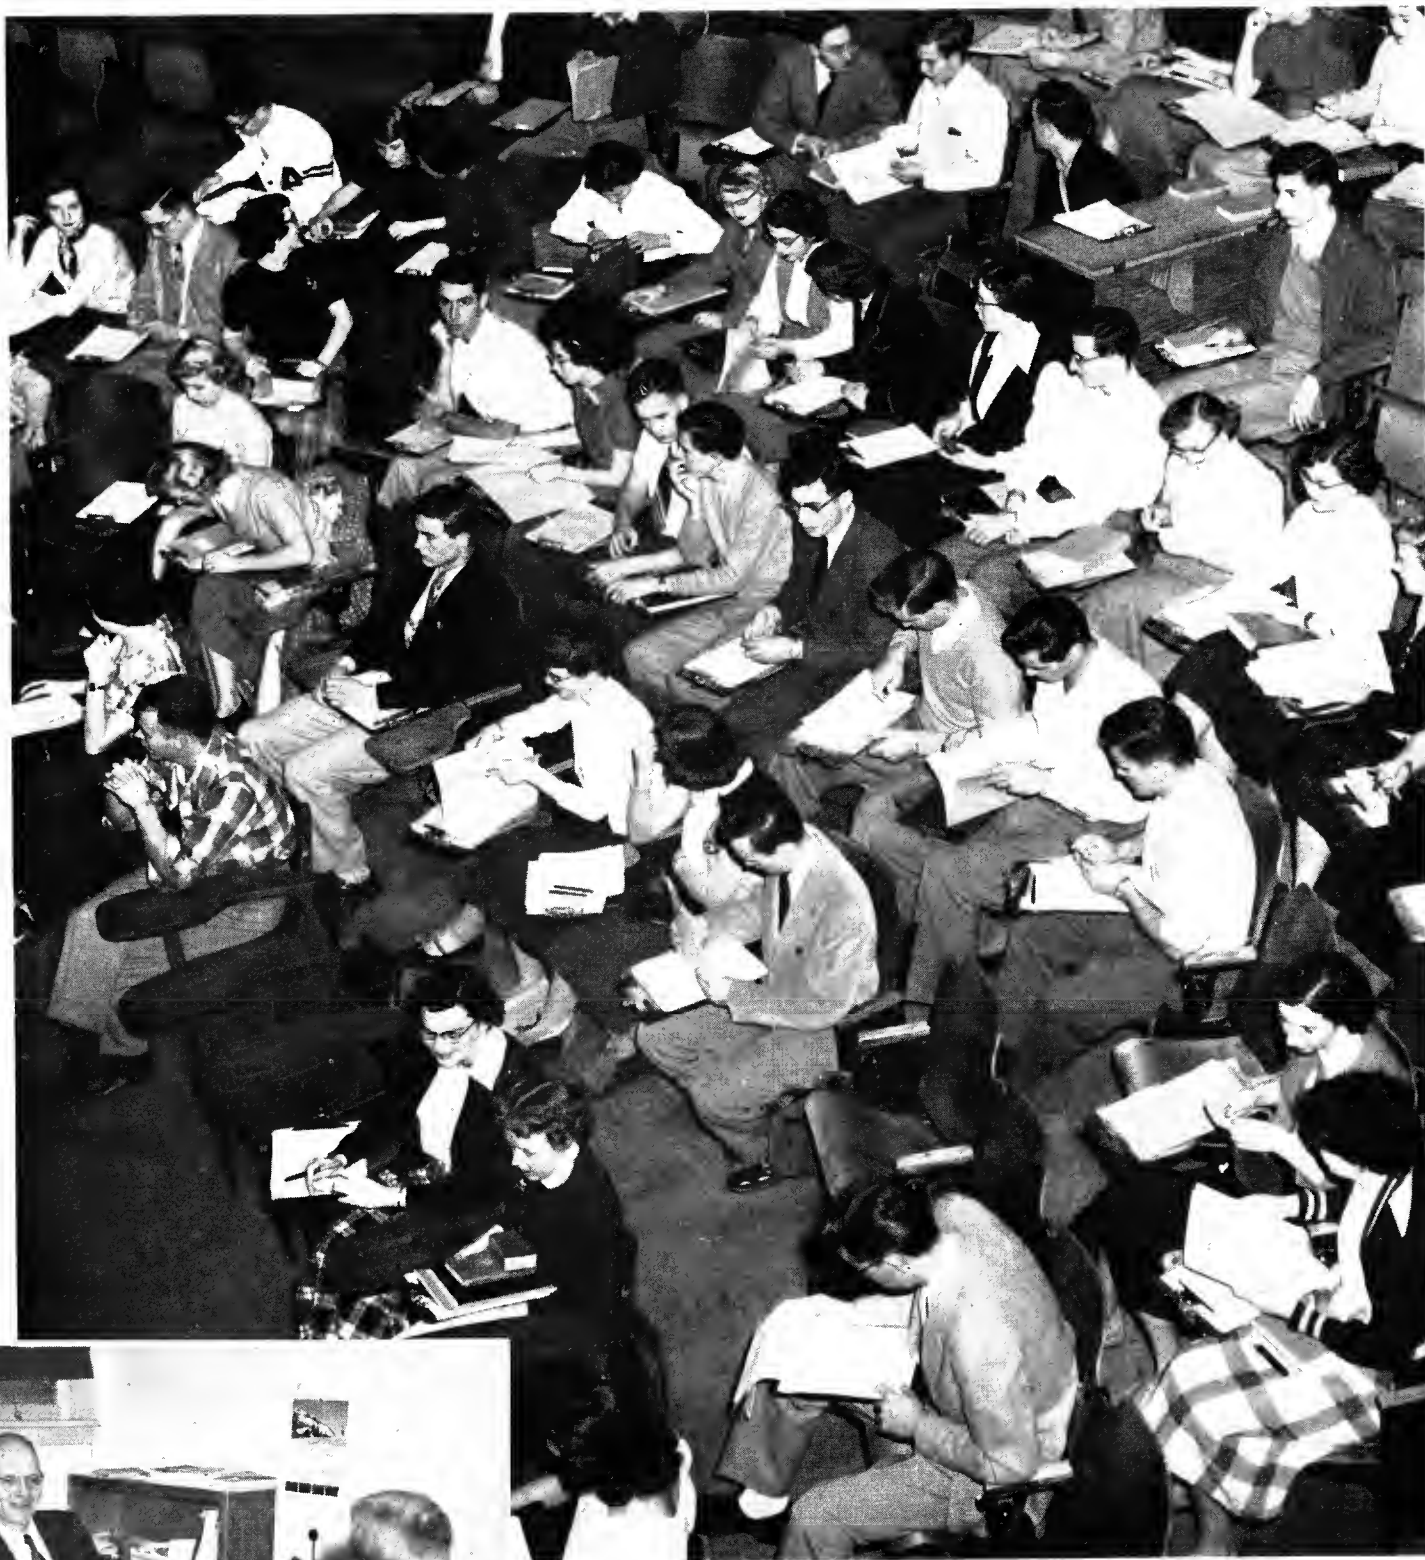

in memoriam

A. WEST, former Bursar

H. J. BISHOP, Instructor in Law

our university on review . . .

Each progressing year leaves imprinted the evidence of new strides in the life of the University. To the student, however, the academic life is a matter of lectures and labs and exams. The following pages are typical scenes which depict how the students obtain their knowledge from day to day.

. . . library

After 30 years of clamour and agitation the campus in 1951 received the Rutherford Library. Named in honour of our first provincial premier, our library has been described by the Governor General as one of "the best on the North American Continent." Students put the building to good use throughout the year but its huge capacity is usually not strained in pre-exam weeks.

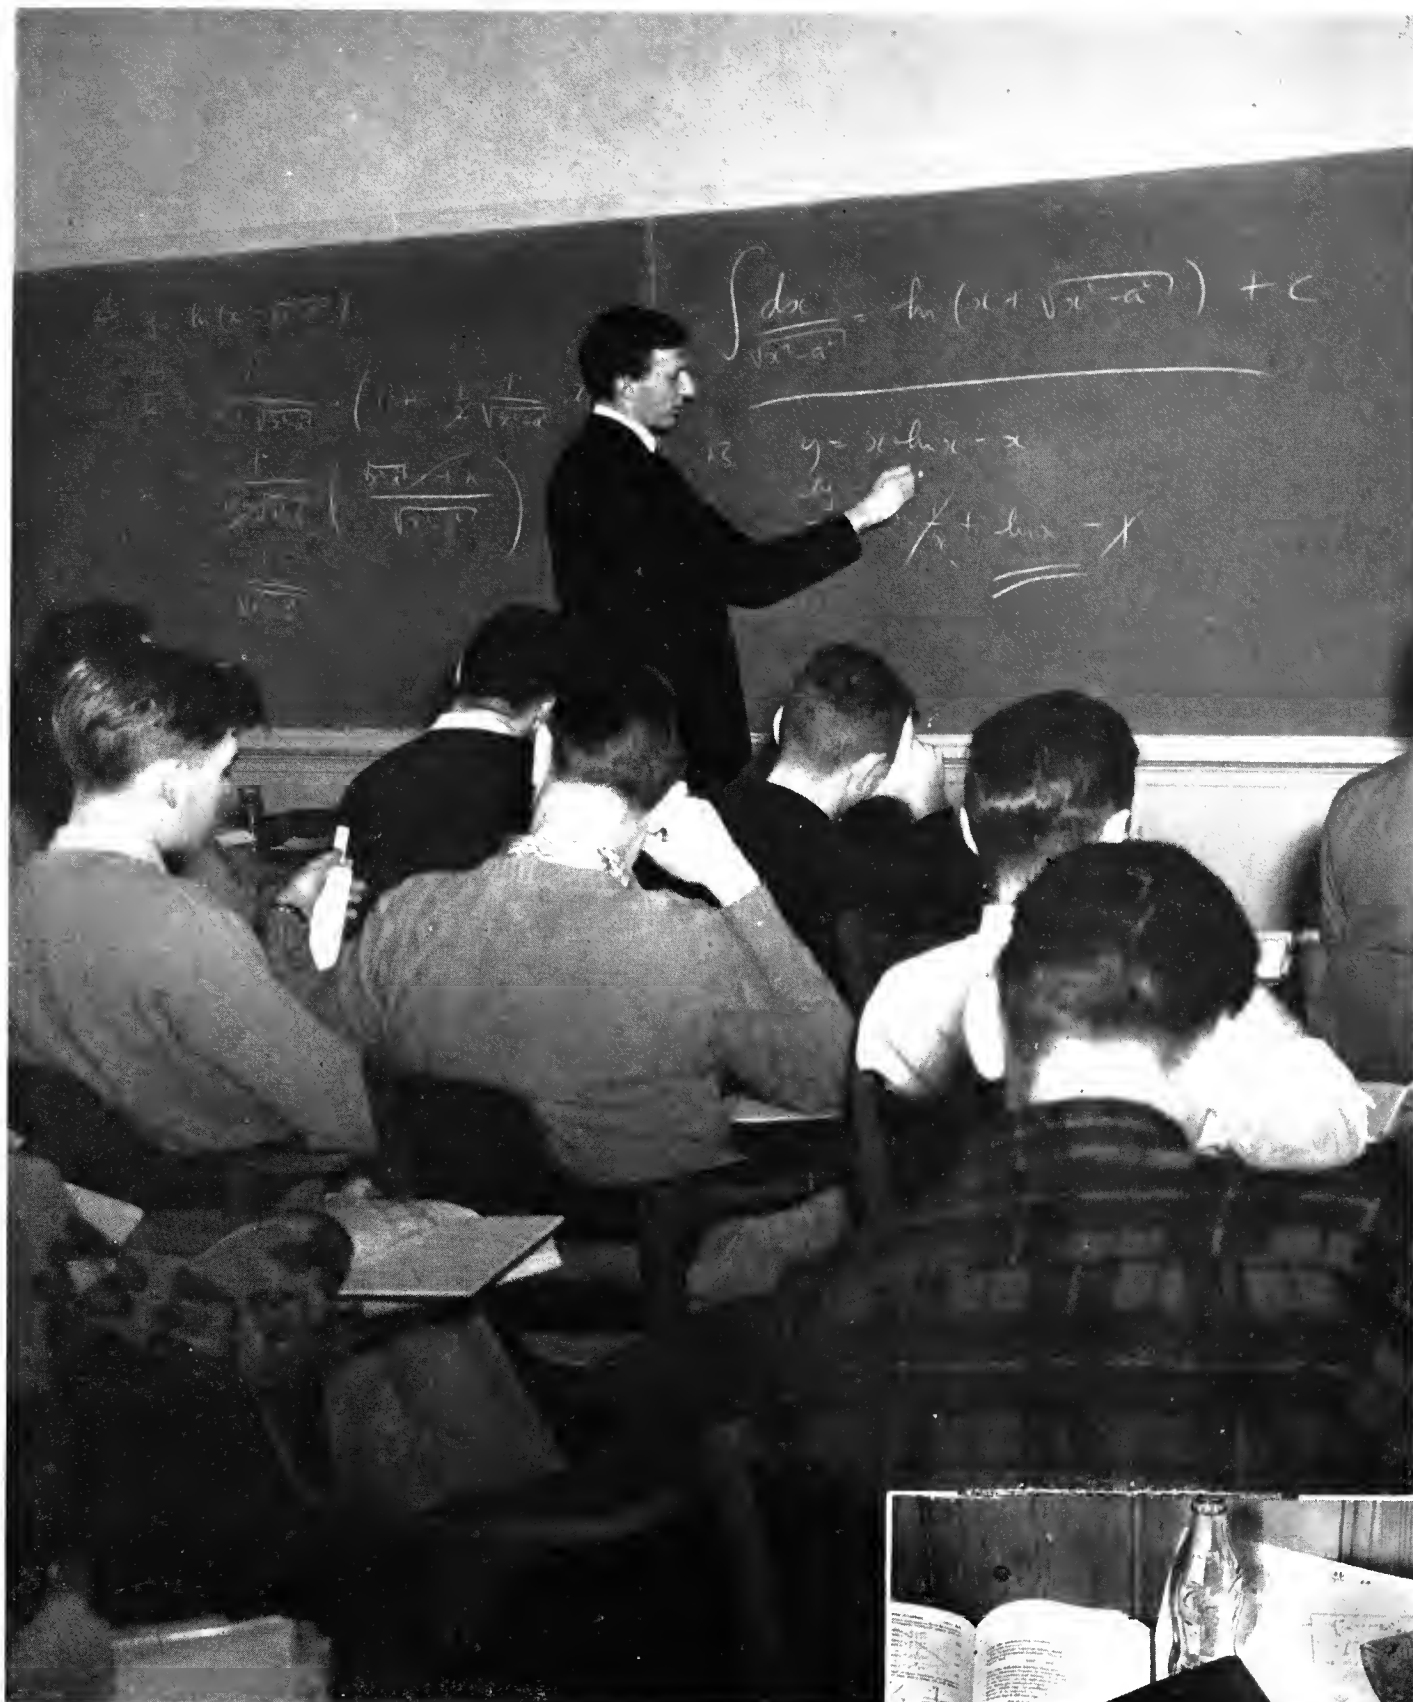

... household economics

As science develops in industry, solving problems and making life more bearable for the worker on the job, the Department of Household Economics applies the same principles to the worker's home life. Thus, the training of women in scientific methods of homemaking is a big step in maintaining as well as improving our high standard of living.

■ ■ ■ mathematics

As the key element of all the sciences, mathematics, enjoys the enviable position of indispensability in an era of calculated precision and exactness. Mathematics is a weapon for the applied scientist and a lesson in rigorous logic for the Artsman.

. . . medical science

Well equipped medical and dental laboratories combined with well qualified instructors have been instrumental in graduating students of the highest caliber. The University of Alberta is proud of the number of foreign students who, seeking high standards and the best in education, are now enrolled in Alberta courses of Medicine and Dentistry.

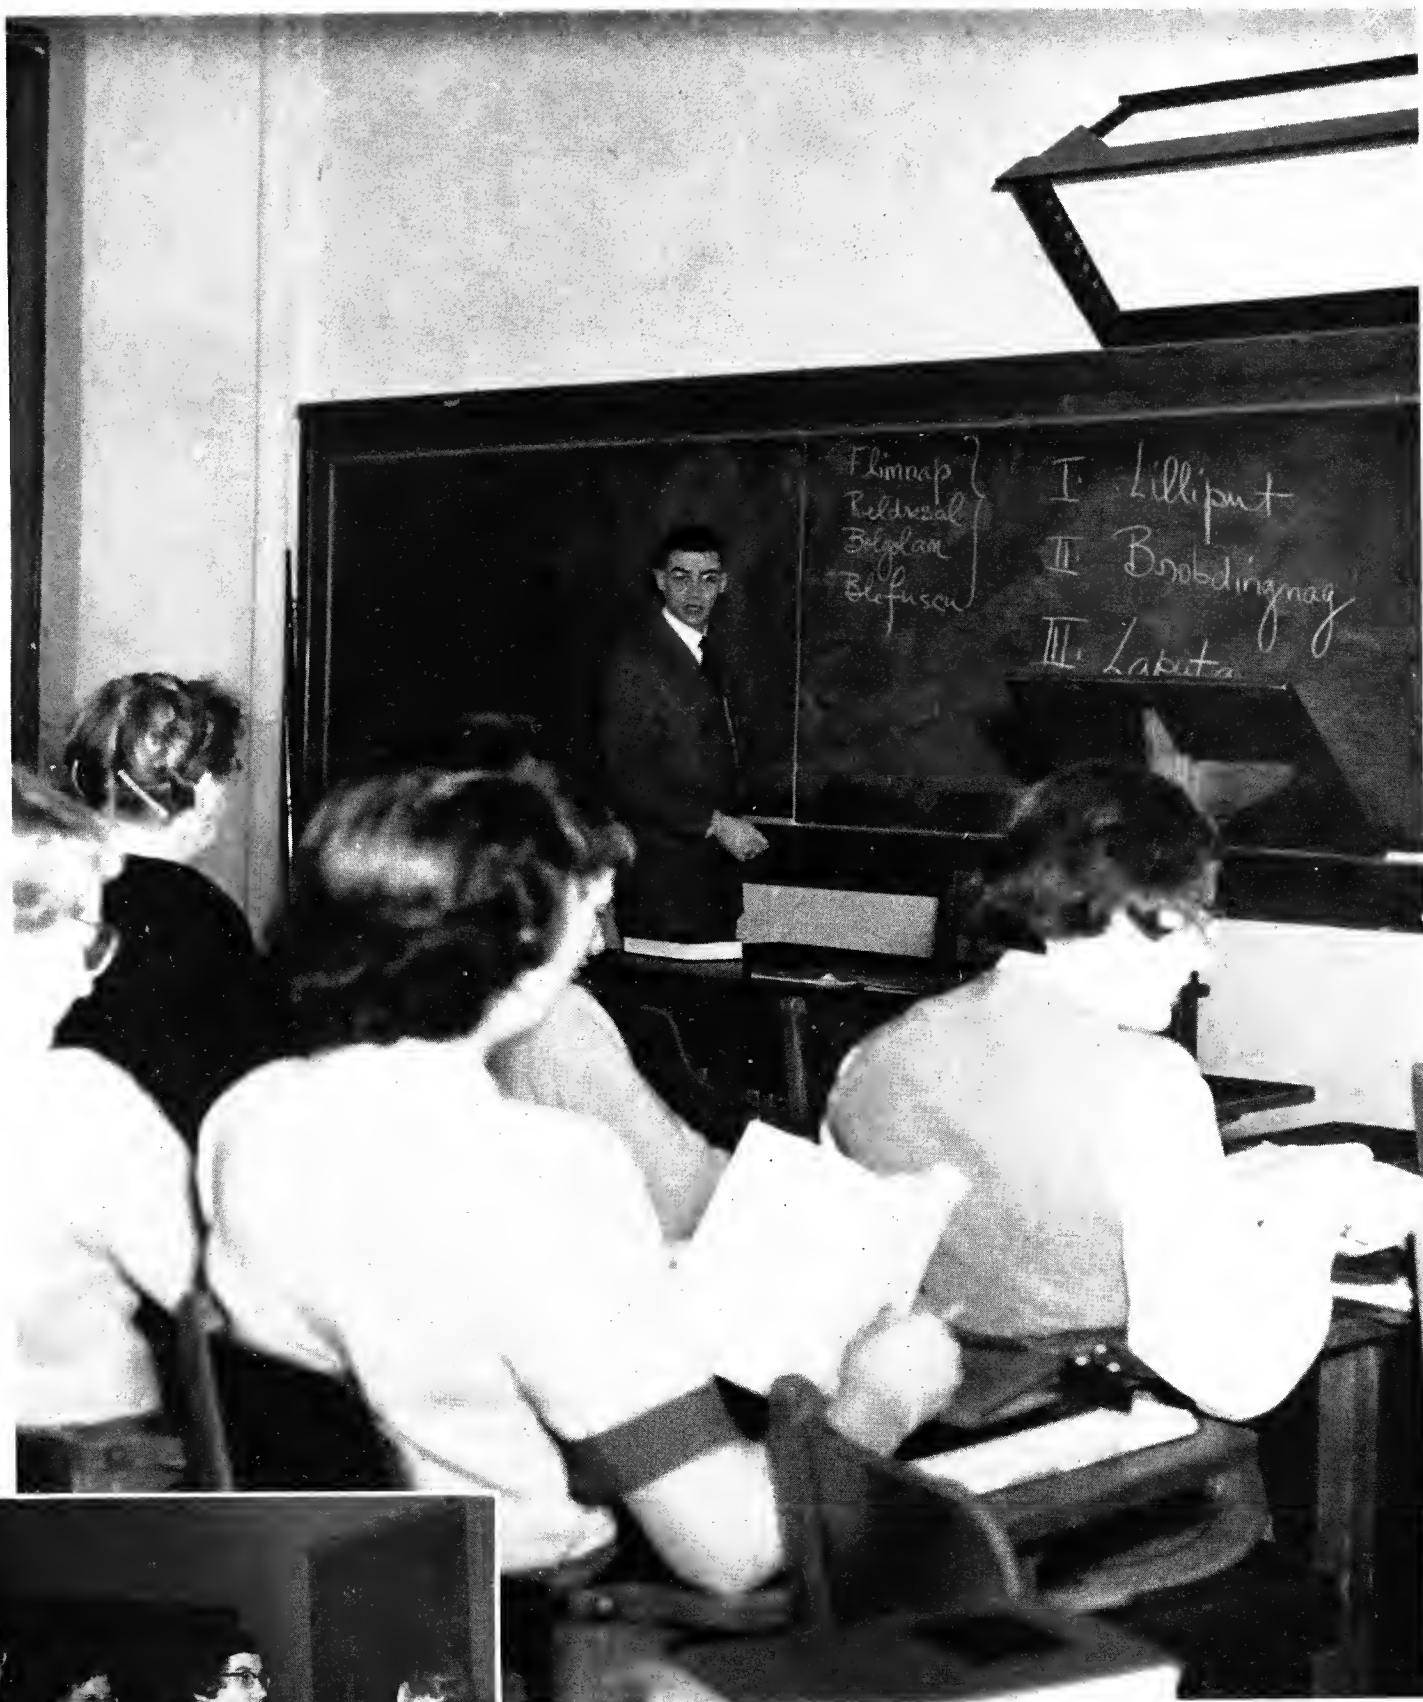

. . . engineering

Proficiency in the techniques of Mathematic, Chemistry, and Physics is not in itself sufficient to enable an engineer to develop what we take for granted in our modern way of living. Rather the fundamental requirement in a professional man is the ability to organize, and see a solution in light of the economic balance. It is the aim of the faculty at the University of Alberta to train men who are able to solve new problems without just looking for an answer in a handbook.

... english

Adhered to by Artsmen and feared by Engineers, English is fundamental in obtaining a better education. Precision language, both spoken and written, requires more than merely a study of grammar. An understanding of the masterpieces of literary endeavour is required to develop depth of comprehension.

... history

History is the story of mankind's successes, misdeeds, and failures over 3000 years of time. From such a study modern man hopes to benefit as well as understand his past and probable future.

. . . physics

Physicists use mathematics as a tool to develop theoretical methods of controlling energy. The physicists job is to establish and prove the theories of the natural elements and present their finding for practical application.

... biology

Many physicians, surgeons, dentists, and medical technicians graduating from the University of Alberta began their pre-medical education in the biology department. The course teaches fundamental science in their field, and also serves to introduce the student to the methods of instruction they will receive in a great many courses in their advanced training.

... education

When the Sciences and humanities have at least solved the problems of human dynamics, it still remains the province of education to provide the understandings and tolerances that are so necessary before any permanent progress may be achieved and maintained. It is the responsibility of the Education profession to develop and encourage in children in the formative years the traits that are essential in a modern world.

... graduate school

Graduate Students working towards their Masters degree have a unique position among students. The major portion of their studies is a thesis on a research project. The professor assigns a topic which is original, and important enough to require scientific investigation. In this way the student receives training in the particular field which he is interested as well as in thinking and composing his work in a scientific manner.

Chairman of the Board of Governors

administration

There is no such thing as a "Student Body;" neither is there a "University Spirit." There are students living in association. Some students may be "spirited," and others may be "dispirited." That is, there are students with certain attitudes who behave in certain ways, and there are students with other attitudes who behave in other ways. The general level is derived from individual attitudes and behavior.

The fact that, by any measure, some students are spirited and others are not, indicates that student spirit is not wholly determined by environmental circumstances at the University. At the same time, the student does live at the University under certain conditions which may stimulate or dull his spirit. It is the duty of those who define or create these conditions to foster a lively spirit on the part of students.

The crux of the matter, however, is to discover what kind of spirit is consistent with the notion of a "University Spirit." No doubt it contains all the diverse elements of the common spirit of humanity; but it has a quality of its own. We hope that all the students who pass through the University of Alberta can find, and carry with them, the quality that characterizes the true "University Spirit."

president's message

May I take this opportunity, on behalf of Council to thank, not only those students who have given so generously of their time to organize the many students activities, but also the numerous others, who by their support, have made the year a happy and successful one.

The extra-curricular program of the University is now extremely diversified and caters to the needs of almost every student on the campus. However, some activities have lapsed for lack of student interest. This is not necessary an unhealthy condition, for those activities which remain continue to attract an ever-increasing number of new students. Two significant achievements stand out as being noteworthy accomplishments during 1953-54. The first is the adoption of a complete rewriting of the Constitution and By-laws. Some necessary changes were incorporated to meet the new situations which the passage of time has created. The U.A.B. has also undergone a revision with the result that no admission is charged for athletic activities which do not require a guarantee.

In conclusion may I say that it has been an honor to be able to serve the students of this University as their President, and also a very pleasant experience.

Doug Burns

DOUG BURNS
President

student council executive

FLORA MORRISON

Vice-President, has the enviable task of being responsible for the entertainment of all guests of the Students' Union

TOM JACKSON

Secretary, shared with Jim Redmond the hundreds of hours required to rewrite the Students' Union Constitution

CATHERINE ROBERTSON
Wauneita President

BILL FITZPATRICK
Men's Athletic President

EVELYN HAGE
Women's Athletic President

BILL JONES
Law

TOM PEACOCK
Education

A noteworthy feature of this year's council proceedings was the quiet, efficient manner in which matters were handled. The student body as a whole had very little to complain about. However, major differences with the Gateway occupied much time.

The major accomplishment of the year was the adoption of the revised Constitution and By-laws, a major task of rewriting by Tom Jackson and Jim Redmond. This work eliminates a great deal of contradictory and obsolete material which greatly hampered the operation of the Union and its clubs.

Chairman, Dr. Van Vliet

The purpose of the University Athletic Board is to direct and encourage all athletics, both intra-mural and extra-mural, participated in by students of the University. The members of the Board are: Dr. M. L. Van Vliet, Director of Physical Education; Bill Fitzpatrick, President of Men's Athletics; Evelyn Hage, President of Women's Athletics; Dave van Helden, Treasurer; Miss P. Austin, Director of Women's Athletics, and Dr. P. S. Warren, Faculty Adviser.

This year has seen the largest participation in intra-mural sports in the history of the University. Under the capable direction of Herb McLachlin of the Department of Physical Education, the students have competed in sports of almost every nature—touch football, tennis, golf, basketball, volleyball, Frontier Day, cross-country racing, track and field, ping pong, swimming and badminton.

A full inter-collegiate program was carried out. There were teams representing the University in every major sport participated in by the Western Canadian Intercollegiate Athletic Union and most of the minor sports. Teams travelled from the University eastward as far as Winnipeg and westward to Vancouver.

The Board has taken a major step in attempting to increase student attendance at athletic functions by deciding that all students holding a Campus A Card should be allowed free admittance to all games played by University sponsored teams.

"Gateway"

"Telephone Directory"

"Gateway"

publications

Students working on publications differ little from others except in that they talk a little louder and miss more classes. They have fears of being misunderstood, for the printed word can assume so many meanings. Most of all they hope that others recognize the amount of work required in meeting deadlines that come as regular as clockwork, even in the midst of exams.

Publications at Alberta are distinctive because they do not have faculty or administrative supervision, a claim few colleges can make. Continually changing staffs result in a flavor dependent greatly on the individual rather than on tradition. In this way these periodicals represent the ideals and tastes of one of the more active groups on the campus.

"Photo Directorate"

"Radio Society"

"Evergreen and Gold"

"Public Relations"

"Evergreen and Gold"

photo directory

This year's staff of the photo directory turned in what was probably the finest job since the directorate was divorced from the E. and G. and Gateway in 1948. Led by the keen enthusiasm of Director DON GREEN, no stone was left unturned in an effort to turn out the best quality in pictures

Much of the success of the photo directory was the large carryover of trained personnel from last year. Thus quality pictures were taken from freshman week on. Shown here: MILT STROUD makes a print in the darkroom; ROWENA WRIGHT adjusts a photoflood; portrait photographer CHUCK LIEBE says "Don't move."

JEANETTE VAAST
Campus Highlights

HAROLD HUSTON, a third year arts and science student, was appointed to the position of Editor-in-Chief of The Gateway for the 1954 editions. Having had experience in the make-up and editorial departments Harold brought several new ideas to the fore in his early days as the "chief." Harold will have working under him a large staff composed of freshmen and upper classmen who have been trained carefully to fulfill their various duties

Laying down the law to novice and experienced members of The Gateway staff Editor-in-Chief HUGH LAWFORD is seen presiding over the regular staff meetings. The discussion of editorial platforms and general newspaper problems is on the agenda along with reprimands for erring staff members. This weekly meeting proved to be of great assistance to the editorial board and the staff workers in ironing out the wrinkles in the production system

HUGH LAWFORD, a second year law student, was Editor-in-Chief of The Gateway for the year 1953. While holding this position Hugh reorganized the production staff of the paper, greatly increasing its efficiency. The 1953 editions were highlighted by a series of "free speech" articles and editorials. Under Hugh a staff of approximately sixty students worked on the weekly issues of The Gateway and the tabloid The Fencepost

gateway

Composition of the paper is the final step of the production before the edition hits the presses. Left to right BRIAN EVANS, arts and science 3; JANICE SUTTON, arts and science 1, and Editor HUSTON are seen busy finishing the paper makeup and headline writing, a job that is notorious for lasting till the "wee small hours."

Flying fingers of SYLVIA SHUBERT, arts and science 3, and NORMA FULLER, arts and science 1, turn out the reams of copy needed to fill an issue of The Gateway. Other duties of the production staff are the reporting, re-writing, copy and proof reading assignments that are necessary for each edition

radio society

DONA MARIE GERMAN, President, and GRAHAM LAUGHREN, Secretary-Treasurer, were hampered at the beginning of the session by a lack of experienced personnel and the poor record set by the Society in the previous year. Consequently at the outset the Society was limited to a fifteen minute airing once a week. However, at Christmas, activities were reviewed and an additional half hour was awarded. The hard work of Dona Marie, Laughren, her chief office boy, and Bob Van Alstyne, engineer, paid dividends as the Society made definite gains, re-establishing itself in the New Year

MURIEL GENTLEMAN directed Radio Society's drama. She is seen here at right with two Radio Society players during a rehearsal of "Every Man," which was aired in February

"Talent From the Campus," produced by Eugene Brodie, weekly featured a variety of classical talent. Of the four major productions of the Society this program was the most extensively produced

Chief Engineer BOB VAN ALSTYNE, right and FORBES LANGSROTH keep the Society from snarling up the airways. Bob managed to train four operators to get operations away to a smoother start next year. Bob faced the task of success or failure as the Society went on the air every Thursday night

telephone directory

Telephone Director FRANK LEDEZ, managed to get the book out as soon as ever, despite the handicaps thrown out by students unwilling to give their proper name and address

Perhaps the two least heralded jobs on the campus are running public relations and the phone book. Though the student benefits from these many times a day, he seldom realizes how much work has gone into them, or how many classes were missed in the process.

Public Relations Officer BOB EDGAR arranged such things as the Parliamentary Dinner, Civic Banquet and Varsity Guest Week-End

SECTION EDITORS

JEANETTE VAAST

JIM MacGREGOR

JOHN FERBY

LYNN PRICE

JOAN FERGUSON

Initiating the activities of Frosh Week, members of the Golden Key Society, Billy Niblock, Shirley Wilson and Bill Fitzpatrick, hand out badges and beanies immediately after registration

Enrollment was on the upswing again as 3,000 students finished their summer activities and headed to the campus. Bewildered Freshmen, having found Tuck, Caf, and S.U.B., were overheard asking, "Which way to N.F.C.U.S.?" And shocked seniors said, "Did we look like that?"

freshmen

Activities night is the first opportunity for freshmen to see what goes on at Varsity. Tom Peacocke gets the evening underway with a bang

The week long threat of Fresh Court becomes a reality on the Friday of Frosh Week as the lawyers go to work on insubordinate Frosh

The blending of voices and meeting of new friends are two of the many highlights of the first few days of the freshman on the campus. Pep rallies, as above, dances and other get-together functions help to adjust the new student to the university atmosphere

introduction

'Tis a poor way to get lipstick on one but the fellows from St. Stephen's College take it in their stride as part of their initiation rituals. Both men's and women's residences have their Frosh week get-togethers and initiation ceremonies which help to break down the barriers between those who will be living together for the months ahead

Real sports, members of the Women's Athletic Association, are taking part in the annual Frosh parade and showing the Freshettes the various features of the year round athletic program on the campus

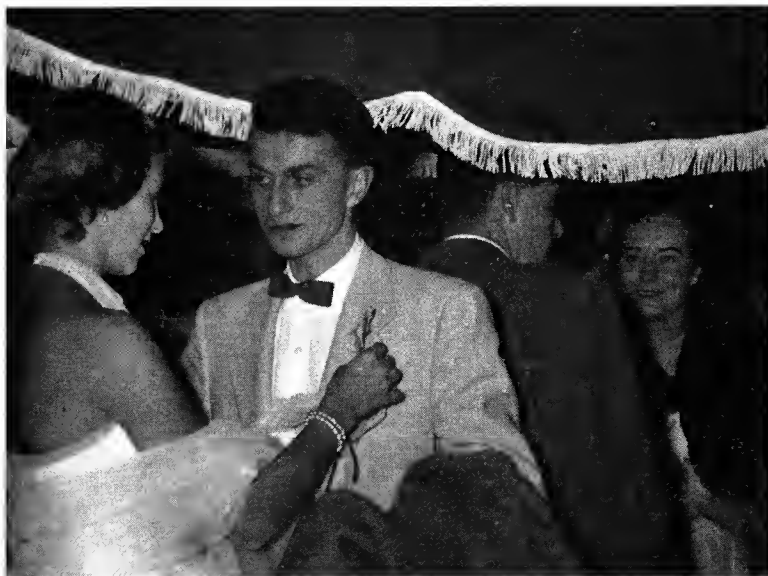

Varsity gym, scene of the Wauneita Society's fall formal, Caribbean Cruise, was decked out with palm trees and travel posters. After the ball the girls played host to their escorts in the cafeteria of the Students' Union Building

Ski instruction preliminaries

winter weekend

The traditional policy of healthy outdoor breaks from the books in the form of week-end work parties, resulted in the completion of the fireplace and preparation of the toboggan run and ski hill.

With the work done, the Outdoor Club's activities swung to weiner roasts, tobogganing, skiing, (with instruction provided by the Varsity Ski Team) and cabin parties featuring the Agriculture orchestra and dancing and sing songs. Several ski movie programs were held and a ski trip to Banff scheduled as a post-test week holiday.

varsity guest weekend

Varsity Guest Weekend was opened officially with a tea in the Wauneita Lounge. Here Bob Edgar introduces President Stewart to the gathering as Dr. Scarlet and Doug Burns look on.

During the weekend 700 feet of movie were exposed as a part of the film "U. of A., 1954."

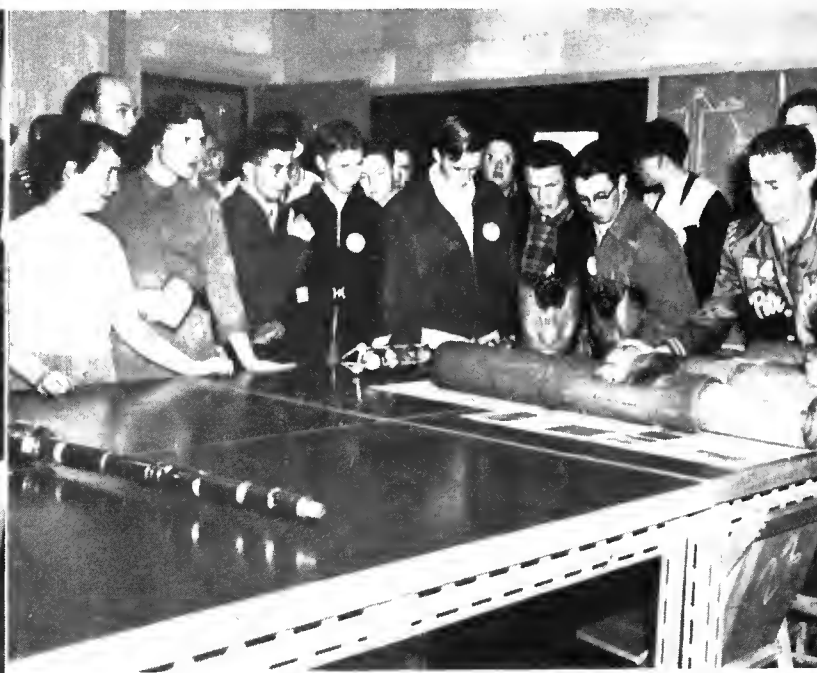

The new Engineering building was on show this year. Here a Strength of Materials Lab. is twisting a steel rod to failure.

A display of first year dental materials and equipment shown to a group of school students.

In the basement of the Engineering Building the Petroleum Engineers explain drill systems and bits to the visitors.

The center of campus social life, the Students' Union Building, provides many facilities for entertainment as well as an office for the Students' Union. In the Snack Bar are shown some girls entertaining Mr. Davey during Waw Waw.

s. u. b.

The Students' Union office buzzing with excitement as the ballots were being counted in this year's Students' Council elections.

The Games Room in the basement is always crowded with people playing ping-pong and waiting for a pool table.

During the day there is always a bridge game going on in the Mixed Lounge or the Men's Lounge.

The Wauneita Lounge, out-of-bounds for men, is used for teas and similar affairs.

Pandemonium broke loose in the first week of March when students campaigning for Students' Union offices held monster pep rallies. Here the boys are pulling for Tom Pearcocke.

election campaigning

The "Campus Squares" sang for their candidates at a pep rally in the nurses' residence.

Among the highlights of the week were the three chorus lines. Here ANNE PARNEY, LYNNE HOUSTON, JUNE LOGAN, ARDELE CULVER, BERNA RHODES and OLLY LOZA perform for Bob Edgar's Presidential campaign during lunch hour at St. Steves.

BOB EDGAR'S campaign also featured a brass band made up of campus talent.

The Kappa Alpha Theta fraternity won the Birk's award for Panhellenic choral proficiency with a five point margin of victory in the Fourth Annual Songfest.

Phi Kapps were winners in the men's division for the fourth consecutive year. Under the direction of BILL PEACOCK they sang "De Animals Are Coming," and "Cradle Song."

songfest

"Stage fright or mike fright?" From the look on these Kappa Sigs' faces, it's a wonder they could sing at all, but they managed to place third, behind the Phi Kapps and Phi Delts.

The Zates climaxed the evening's entertainment with their usual zany antics. These fellows presented a skit showing their idea of life in the Women's fraternities.

DR. WARREN presents star Golden Bear basketball player DON MACINTOSH with the Wilson trophy for the most outstanding athlete.

color night

Over 50 people were honored as awards were presented at Color Night to climax the season's social activities.

Gold A rings went to Doug Burns, Bob Dinkel, Tom Jackson, Flora Morrison and Jim Redmond. Silver executive rings went to Joe Brumlik, Bill Fitzpatrick, Beth Gilmour, Harold Huston, Kay Greene, Jim Johnson, Billie Niblock, Jane Anne Robinson, Graham Ross and Fred Marshall.

The Lorne Calhoun Memorial award, presented to a student active in extra-curricular activities were presented to Jim Redmond.

President of Men's Athletics BILL FITZPATRICK, receives his silver ring from President DOUG BURNS.

EV HAGE accepts the WCIAU Basketball championship trophy from Miss PAT AUSTIN.

OSCAR KRUGER, one of the shortest men on the Bears, shows his jumping ability as he goes high in the air to get a rebound for the team. Other Bears in the picture are ED LUTCH, ARNIE OTTENBRIET (to the left) and NORM MACINTOSH (to the right).

Until the last two games of the season the Golden Bears were the undisputed champions of the Western Intercollegiate Basketball League. It looked like the Bears would have no trouble disposing of the Thunderbirds as no other team in the west had pressed them the least bit, the Bears often reaching into the hundred mark in their scoring. With such stalwarts as Ed Lutch, Don Macintosh, Norm Macintosh and Don Newton leading the way the Bears rolled merrily through their competition. Perhaps it was this very lack of competition that was their downfall. Still, two losses to a team competing regularly in the international league at the coast is no disgrace to our squad. It was a mighty season for the Bears and its not soon that we'll have another team to match their prowess.

DON DAY

JOHN DEWAR

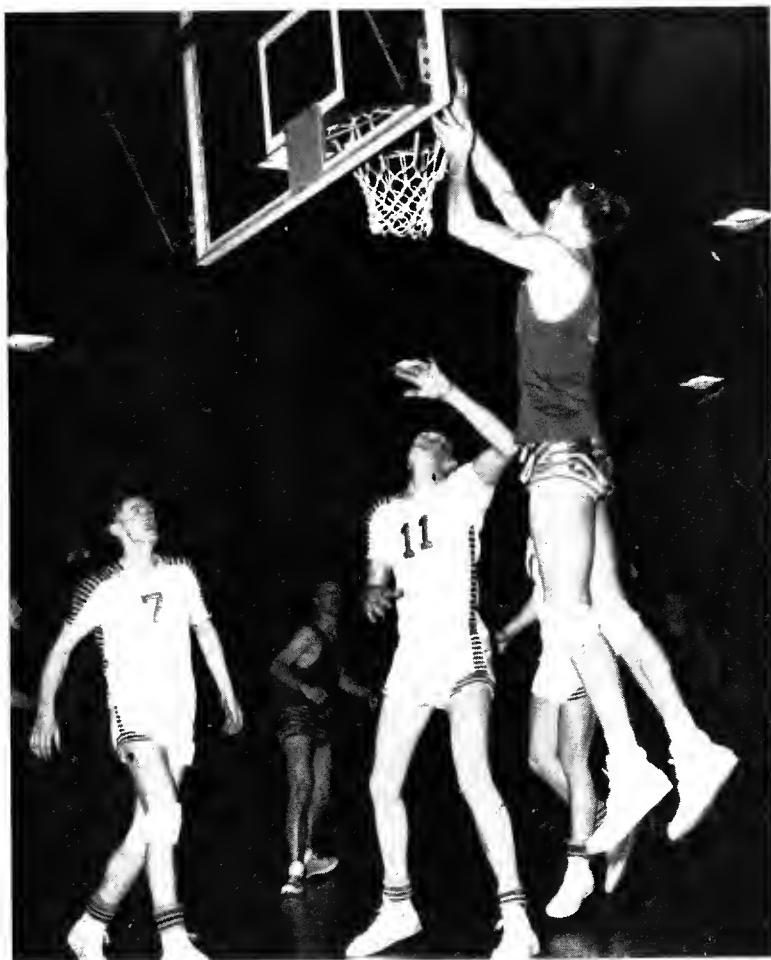

JIM MUNRO

DARREL BUTLER

Star sophomore forward NORM MACINTOSH doesn't seem the least bit worried, as he closes in on the basket and lets go one of his famous jump shots. Four Manitoba players close in to stop him.

Ed (88) Lucht

Six feet, seven inch centre Ed Lucht playing in his fourth year for the green and gold squad, set records tumbling, and had the best season of his career. In a game against the University of Saskatchewan Huskies he set an all time Canadian record by sinking 88 points. He set the pace for the Bears all year, ending up with a phenomenal average of 35.2 points per game.

Big Ed Lucht jumps high, and with his height advantage, drops the ball into the basket, making it look very easy. Ed demonstrated his skill to good advantage in this Manitoba game, as he scored 25 points.

The Golden Bears opened the season with a very impressive victory over the highly touted Harlem Clowns in an exhibition game. The Bears proved so deadly that the Clowns found no time to exhibit any of their famous stunt plays.

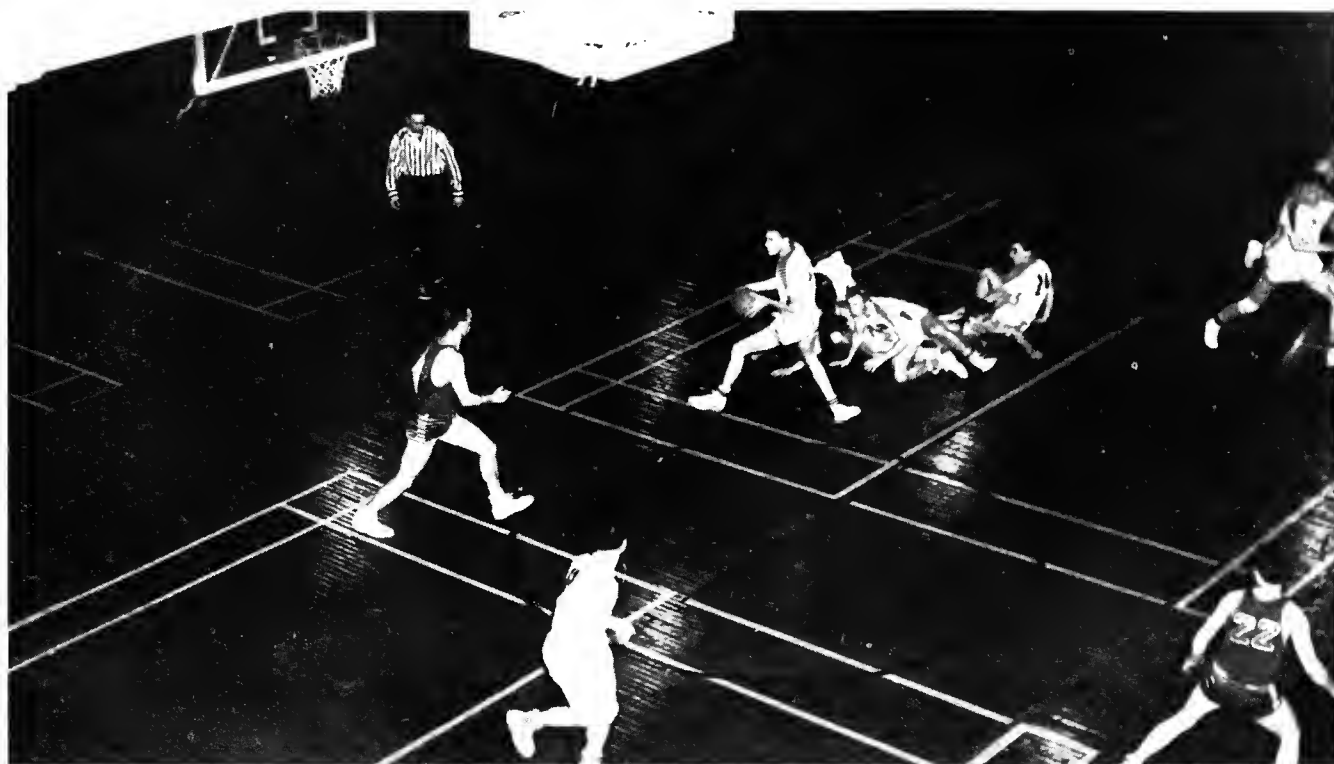

point parade

Player	GP.	Pts.	Ave.
Lucht	5	176	35.2

Munro	8	13	1.6
Bercov	7	6	0.9

DON MACINTOSH, starry Bear forward, puts on a burst of speed cutting around the left corner of the Manitoba zone and in for an easy layup. A feat he performed numerous times during the season.

This unusual shot shows the Bears reversing their direction after losing possession of the ball, and heading back to their own defence zone.

Golden Bear Hockey Team, left to right, standing: DON SMITH (coach), BOB NEUFELD, BILL KNOPP, EDDIE RATSROY, WALTER BUCK, JOE KRYSCKA, RON DONNELLY, JIM McKIBBON, LEROY FIELD, DON GOURLAY, TED MITIENKO and BOB STEWART.

Front row: DENNIS COTE (manager), DICK DAY, CYRIL ING, BRUCE STEWART, ED JOHN (captain), CLARE DRAKE, BILL KIRSTINE, JACK LYNDON and AL CAMPBELL (assist. mgr.) Pictured in front of the players are the Hamber Cup (left) and the Hardy Trophy (right).

golden bear hockey

The Golden Bears were really golden this year. The basketball variety completed the year's schedule unbeaten. Their hockey counterparts completed a clean sweep of intervarsity hockey by winning the Hardy Cup in a series with the U. of S. Huskies. They then travelled to U.B.C. and added the Hamber trophy to the silverware collection.

The Bears took the first two games of the Hardy Cup series here at home. Then in Sask. they dropped the next two games by scores of 6-4 and 4-3. The crucial game saw the Bears a different team and lead by BRUCE STEWART come through with a 6-4 victory. Thus the Hardy Cup finally came back home.

Victory came easily at the coast. The Bears romped home 8-1 and 8-3 in a two-game total goal series to retain the Hamber trophy. Alberta has won the cup four times in the last five years. The big line for Alberta was STEWART, ING and DRAKE. Bob Stewart broke loose for four goals to be high scorer. Goalie JACK LYNDON didn't have much to do but when called upon proved steady in the net.

JACK LYNDON, Goalie

ED JOHN , Captain

DICK DAY

Defence, LEROY FIELD and linemate BRUCE STEWART.

They say a good team is a bunch of people who work well as a unit. Even so the best teams point to a few of their players admitting that some stand out over the rest. Pictured on this page are some of the boys who lead the Golden bear hockey "team" to their victories.

Forward, BOB STEWART, CLARE DRAKE and CYRIL ING.

JOLLY SMART, representing Alberta for the third time on the golf team, shows the style that made her runner-up to champion RAE MILLIGAN. Jolly is one of the major athletes on campus and is the 1953-54 winner of the BAKEWELL trophy.

After the Spring Weekend was completed the final results showed that Alberta girls had done themselves proud in intervarsity athletics. Alberta took five of the eight major intervarsity events, losing in badminton to the University of Manitoba by a very close decision; curling to the University of Saskatchewan and golf also to the U. of S.

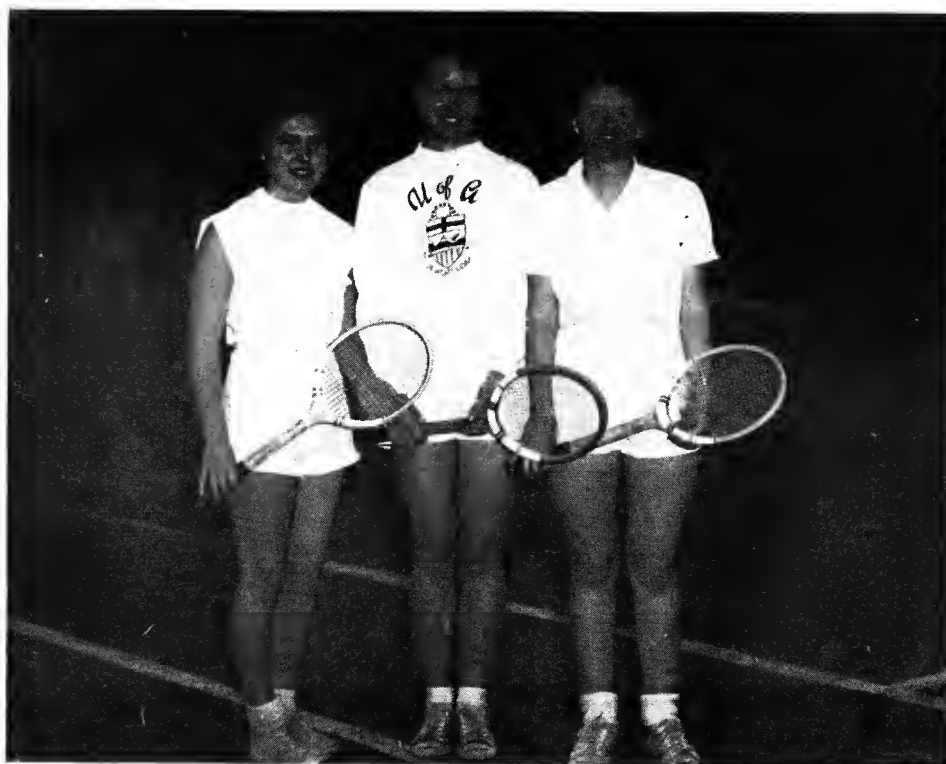

The tennis competitions featured a clean sweep for the U. of A. with our strong team of DONNA KINLOCH, provincial champion; BARBARA SHORTREED and RUTH EAVES. DONNA and DON MACINTOSH won the mixed doubles and brought the PRICILLA HAMMOND TROPHY home for the second year in a row.

The PANDAS played heads up basketball in a round robin tournament with the universities of Manitoba and Saskatchewan and brought the CECIL RACE TROPHY home again.

The Spring Weekend saw the U. of A. swimming squad romp home ahead of Sask. by a score of 55 to 32. In figure skating again the Alberta girls scored a victory and won the IRVING KLINE TROPHY by a point margin of 5.5 to 4.0. The SAM LANDA CUP also stayed home when the volleyball team won two close games by identical scores of 19 to 17.

women's intervarsity

Alberta's victorious tennis team shown left to right: RUTH EAVES, BARBARA SHORTREED and DONNA KINLOCH.

The Pandas, Champs again. Team shown with the Cecil Race trophy, emblematic of basketball supremacy in women's intervarsity competition. Standing, left to right: JUNE HOLMAN, JUDY SCHLOSSER, MARLENE MOSELY, DON MACINTOSH, coach; NORA OLSON and EV HAGE.

Seated, left to right: ANNE van ORMAN, JOYCE MATTSON, BARBARA WILSON, manager; PAT DONOVAN, PAT PARKER and CONNIE HOREAK.

Another two points to add to the Pandas score as JUNE HOLMAN scores on a breakaway shot.

Everybody watching closely as CONNIE HOREAK, star center for the Pandas, tries to score using the unorthodox underhand lay-up shot.

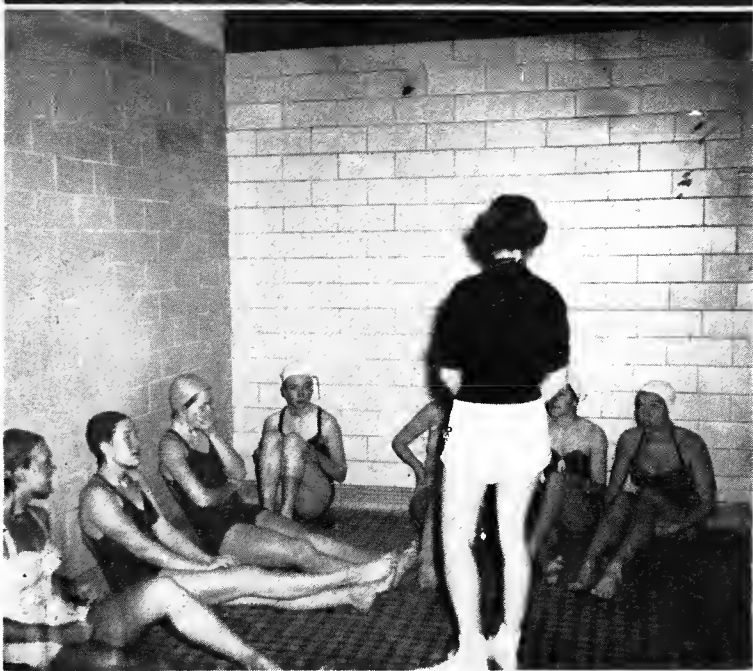

These girls showed real spirit when they skated against Sask. with the whole meet being run off in one evening and the ice practically a swimming pool. Nevertheless Alberta came through with a victory. Leading the girls in a graceful swan is FAY INGLIS, a veteran skater; with her (left to right) are: NANCY KNAUT, junior; CLAIRE WILLISCROFT, intermediate; and ANNE BECKER, senior, another repeat on the team.

Miss PAT AUSTIN came up with the right combination to edge by the U. of S. in volleyball this year again. Pictured with her: Standing: PAT AUSTIN, coach; JOLLY SMART, LYNN HOUSTON, EV. HAGE, BARBARA BEATON, SHIRLEY EVANS, NORA OLSON and manager CLAIRE WILLISCROFT. Kneeling: SHIRLEY WILSON, BETTY PORTER, PAT HARDY, JOYCE MATTSON and CHRISTIE BROWN.

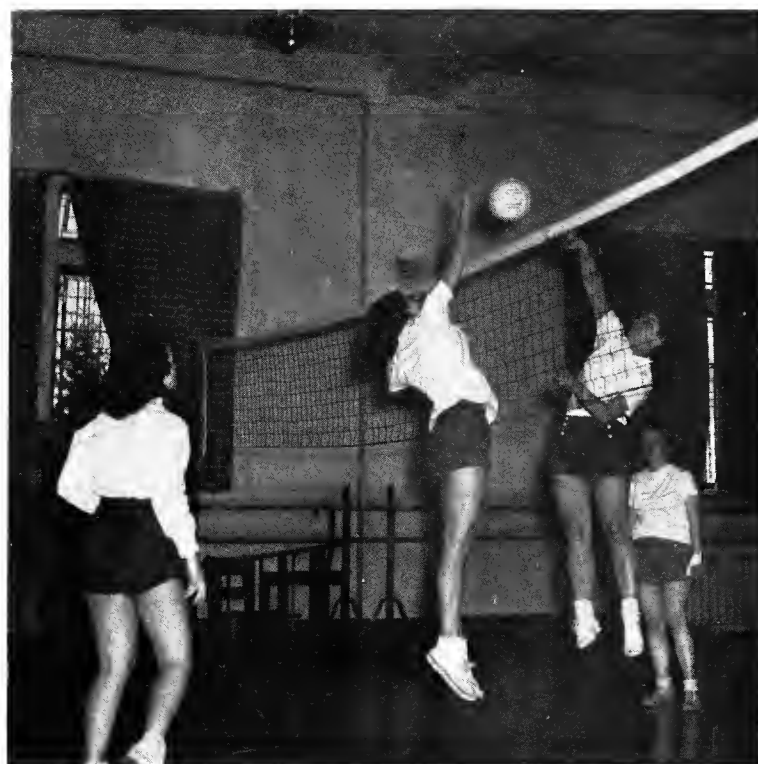

DORIS ELLIOT, standing with her back to the camera, gives the swim team some pointers on the fine art of "how to beat Sask."

Some people wouldn't go off a diving board backwards if you offered them a lot of money, but JOAN PERVERSEFF looks as if she's really enjoying herself. Joan swam on the team and made a good contribution to the points Alberta racked up in the recent meet.

Weeks and weeks of practice went into the efforts of our girls. Here three of the team are shown as they practice for a race. Left to right: BETTY JEAN ROBERTSON, PAT CROSSMAN and ELLIE NICHOLS.

A consistently fine performer for the volleyball team and one of her teammates bat the ball around with gay abandon. JOLLY SMART spiking and SHIRLEY EVANS blocking. There isn't much to do once the spikers get the ball so boosters SHIRLEY WILSON (facing camera) and LYNN HOUSTON wait.

"Varsity Varieties" onlookers were treated to some of the finest exhibition tumbling seen on this campus to date. BILL PEACOCK and BARNEY HUGHES did some fine acrobatic tumbling which at times had the crowd gasping. Above are shown SYLVIA JENSEN and BARNEY HUGHES doing their adagio routine.

Although activities dwindled towards the end of the season, due to lack of leadership and instructors, the Tumbling Club is still one of the potentially major clubs on the campus.

MISS SYLVIA JENSEN, BILL PEACOCK and BARNEY HUGHES represented the club in "Varsity Varieties" during Guest Weekend with a thrilling act.

It is hoped by the tumbling enthusiasts that some day in the near future cheer-leading for our major teams will originate from members of the Tumbling Club, and will feature acrobatic cheer-leading.

minor sport

Shown below is BARNEY HUGHES reaching for a high one at the tennis tryouts. As fine a tennis player as BARNEY is he didn't place on the team, this is one indication of the powerhouse that we had in store for Sask.

DON MACINTOSH, JOHN HIGGINS and HUGO EDGAR made up Alberta's very strong tennis team this year. While in Saskatchewan early this fall they proceeded to humble their opponents by very convincing scores.

SANDY FITCH was one of the two men to represent Alberta at the golf matches held last fall. This is Sandy's second year on the team. BOB MACDONALD was our No. 1 player, by virtue of his win over Fitch in medal play.

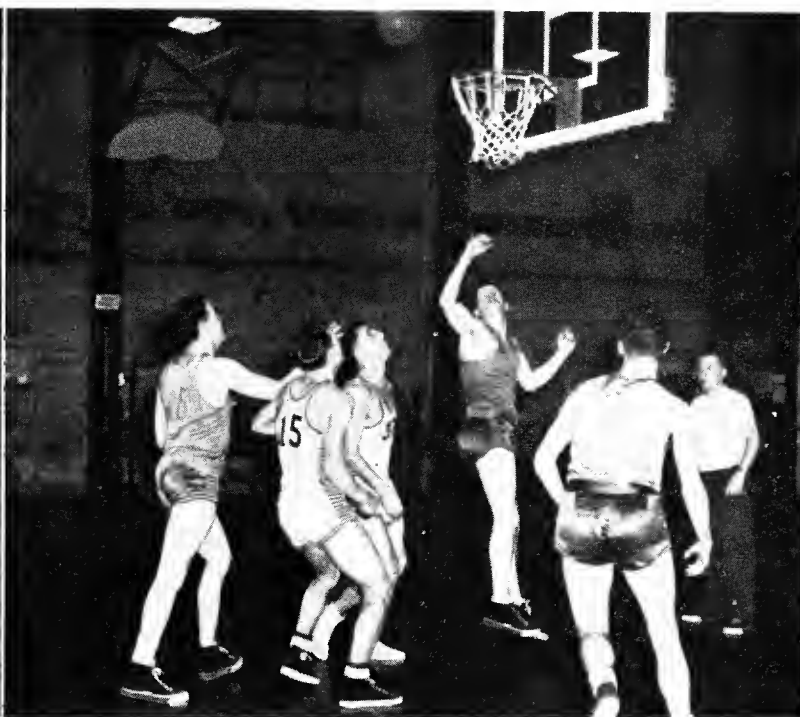

The Proctor Memorial trophy stayed behind in Saskatoon this year. Our squad of SANDY FITCH and BOB MACDONALD didn't quite have that touch that wins tournaments. Off to a brilliant start the Green and Gold won the first two matches by scores of three and two and five and three. The blow fell the next day as KILLAN and BRAUN downed our squad five and four and two and one. The matches were all tied up and the victory went to boys from the bush on a strokes basis. Sask. 317, Alta., 318.

With no intermediate basketball league operating in the city this year the Bearcats had little opportunity to really get in a good game. They played various visiting teams and local teams. BILL BLACK coached the team this year, and the manager was CARL DANIELIUK. Other members of the team are: JOHN TWEEDLE, PAT MacARTHUR, BOB MacDONALD, JIM GILFILLAN, ALLAN JOHNSON, AL WACHOWICH, TOM BETHUNE, DON CAMPBELL and RAY BLACKLOCK.

The opposition scores one as Bearcat players stand, hoping for a rebound.

Coach BILL BLACK tries a fancy hook shot.

Alberta's men's intervarsity curling team pictured above, left to right: JIM WRIGHT, WALTER FERNUK, BOB HARPER and ED DOBREY.

The mixed Curling Club is one of the most popular clubs on the campus. This year every afternoon saw the Granite Club busy hosts to our curlers. Both the men's and women's teams travelled to Manitoba for their intervarsity competitions. The Alberta men placed third while the girls placed second.

The Boxing and Wrestling Club eliminations featured a number of good bouts. The boys are preparing for the annual Assault at Arms against Sask. Shown above are lightweights BILL TICHKOWSKY on the receiving end of a blow, and DAVE YOUNG.

The Assault at Arms held during the first week in March, is the highlight of the year for the boxers and wrestlers. Coached by Ed Zahar, our team looks pretty good. Back for their second and third years on the team are stalwarts DON DAVIS AND LOU GAZDERICKA. The line-up of the boxing team is BOB KERR, DON DAVIS, LOU GAZDERICKA, FRANK CAMPBELL, FRANK KYOOKA and ED ZAHAR.

The wrestling team is made up of JACK PARKINSON, BOB KERR, JOHN GOLDAK, ERNIE DOMSKY, DAVE CORNISH, BOB MARSHALL, BILL TICHKOWSKY and LARRY SHELDON.

Welterweights can really pack a punch. JOHN CHAPPEL connects with a solid blow to the chin of FRANK CAMPBELL.

Coach GORDIE MORRISON showing fine form in the slalom event

BRIAN DAWSON looks slightly apprehensive as he soars through the air with the greatest of ease. (Ease?) The crowd is obviously enjoying itself

Don Smith, of the Department of Physical Education, and his assistant, Norm Rault, again co-ordinated a fine intervarsity ski meet this year. A total of nine entries, from the U.S. and Canada, were received. Although Alberta placed very low in the final standings the meet was highly successful and it is hoped our university will continue to sponsor it. Olympic skier Gordie Morrison was coach of the team.

Team members pictured below are: Left to right, BOB SUTHERLAND, GRANT FAIRLEY, GORDIE MORRISON, EDDIE MICHAUD, BRIAN DAWSON, PAUL GOTAAS and kneeling, BARNEY HUGHES, LLOYD NIXON and JOHN HOLLAND

The Women's Athletic Council finish off plans for the big Spring Week-end. Pictured above are: Left to right, MISS PAT AUSTIN and MISS DORIS WHITE, faculty advisors; JOLLY SMART, GLADYS McCOY, EV HAGE, President; and CHRISTINE BROWN. Standing are SHIREY WILSON and JOYCE MATTSON

HERB McLACHLIN, Director of Men's Intramurals, is presented with a trophy for intramural football donated by the I.F.C. EARL HARDIN is doing the presenting

intramurals

The unseasonably cold weather did not deter a large crowd from being present to watch the events being run off at the Track and Field Meet

In the combined track and field meet, held for the first time, the Physical Education women's unit and the men's Arts and Science unit came out with top honors. The unseasonably cold weather did not seriously hamper the meet with a total of 107 entries from the women and roughly 100 entries from the men.

Nora Olson won individual honors of the day for the women, while the men had a three-way tie featuring Ken Hicken, Allen Tollestrup and Grant Moore.

The meet was under the direction of Al Affleck, while the officials were members of the third year Physical Education degree program.

KEN HICKEN shows his championship form in the high jump. He placed first in the individual honors of the day

The reason why Education's unit placed third in the meet was BETTY BENTLEY. She picked up points in the high jump, broad jump and relay events

Men's sprints were entered by a large field. The 100 yard and 220 were won by JOHN EDWARDS of Arts and Science

PAT HARDY tries vainly to better DONNA KINLOCH in the women's singles. KINLOCH won the competitions besting BARB SHORTREED in the finals. The two girls also won the singles crown

Badminton was a new addition to the program. Over fifty girls entered the tournament which was won by EILEEN NICOLS, first year Phys. Ed.

BETTY PORTER, manager of intramural curling, had 15 rinks entered in her bonspiel. The results were not known at the time of publication. Shown below is CATHY SLEIGHT and team members sweeping SIMON PATRIE'S rock into the "house"

Ev Hage, President of Women's Athletics, aided by a very active council, said she was very pleased with this year's intramural program and by the number of girls that participated in the program. Over eighteen units entered the various events organized by the association. Each unit comprises about forty girls.

A hard fight for the Rose Bowl, emblematic of intramural supremacy, was staged between the Theta, Physical Education and Education units. At the time of going to press the final outcome was still in doubt.

Physical Education walks off with the volleyball honors. Team members pictured are: Left to right, BETTY PORTER, JUNE HOLMAN, MARG RECKNAGLE, JOYCE MATTSON, NORA OLSON, GLADYS McCOY, JOLLY SMART and MARION TRACY

Everybody, just everybody gets in the swim at the intramural swim meet. BILLIE NIBLOCK is shown as her team members send her off for a dip

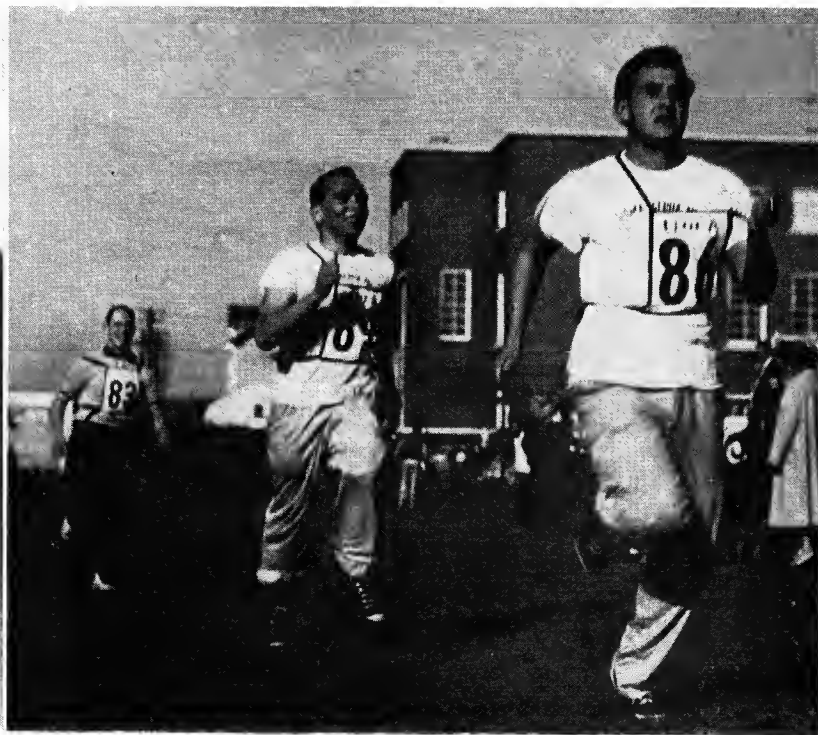

JUNE HOLMAN shown executing a front header with excellent form. Judge Mrs. Don Smith is watching very closely to determine her mark

The golf tourney drew nearly 40 entries, the largest field yet. RAE MILLIGAN, JOLLY SMART and NORA OLSON headed the field. BILLIE NIBLOCK, shown below, came a close fourth

The Kappa Sigs kick off to the Phi Kaps and the battle is on.
The league title was taken by the Phi Delt squad

Bet these "eager athletes" weren't smiling so broadly after they finished well behind ROY THOMAS and DON SARGENT. The Cross Country saw over 150 entries with all but a few completing the gruelling course

BILL WILSON and NORM WILLUMSEN saw the log for "Good old D.U." in one of the events of Outdoorsmen's Day. The Phi Kaps took team honors for the day followed by the L.D.S. squad

What some people won't do to win the Henry Singer Trophy, for intramural athletics. More people found themselves doing more strange things as witness below AL JOHNSON and DON KELLY

GEORGE FAIRBANKS, of the L.D.S. squad, lays one up as his team fights for a play-off place

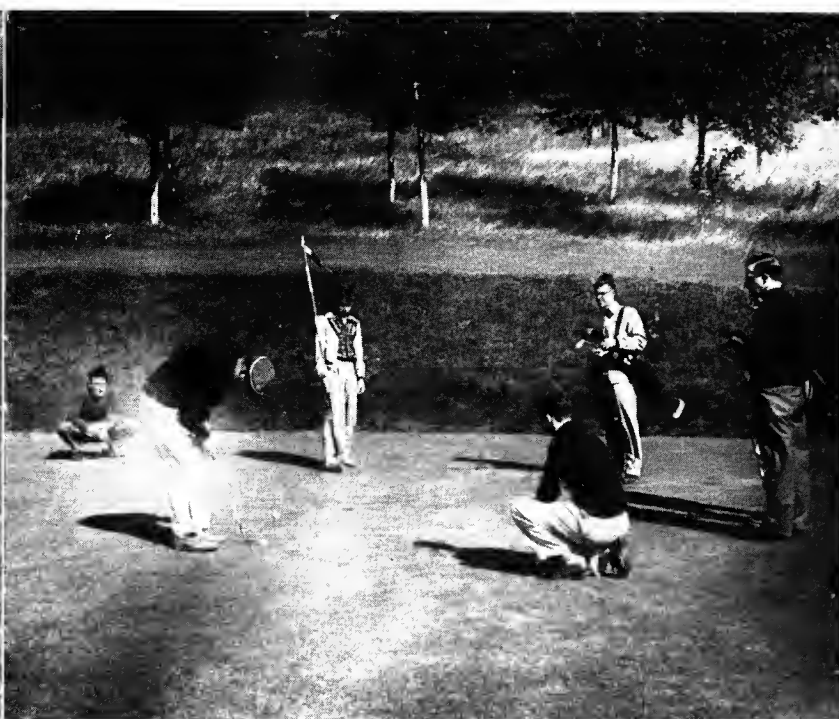

Players stand waiting anxiously to see if the score will go up another two points

In one of the few games played in interfac hockey, not due to a lack of teams but the lack of ice, the Ags and Commerce fight it out

The Riverside golf course was the scene of the golf tournament which was won by BUZZ McLUNG and SANDY FITCH. These boys then travelled to Sask. to compete in the intervarsity series, which was taken by Sask. (Sob).

MARLENE McJANNET, who introduces you to this section, is a nurse-in-training at the University Hospital. Marlene is in her second year R.N. pattern

The "University Trio" composed of Ruth Chennells, Donna Parker and Jane Ann Robinson are always well received as they were at the Musical Club performances at which they performed this year. This trio will be sorely missed in musical circles next year as all are graduating seniors

musical club

An ambitious series of monthly concerts, each featuring two or three artists, was the main activity of this year's talented Musical Club members. Their season was climaxed by a well-accepted presentation in Convocation Hall on February 28, in conjunction with Varsity Guest Week-end.

Robert Smith, baritone, accompanied by George Lange, was heard at both the February and the Varsity Guest Week-end Concerts. The club is looking to Bob for more performances in future years

The Musical Club opened another successful season with Aileen Hartwig, pianist, and Ruth Chennells, violinist, accompanied by Donna Parker

Club President, Ron Dougan, Emcee'd another enjoyable programme in January at which Rosemary Holsworth, pianist, was one of the featured artists

The varied December concert included performances by Sheila McCorry, soprano, Bill Windscr. tenor, and Lecna Lazarowich, violinist

university of alberta symphony

Under the capable direction of Mr. A. B. Crighton, of the Music Division, the University Symphony Orchestra, an established old-timer on the campus, has completed another highly successful season.

The Christmas concert, presented in conjunction with members of the Mixed Chorus, the Friends of the University Chorus, and the Music Lab Chorus, was heard by an enthusiastic sell-out crowd. The ambitious selection of music included excerpts from both Handel's MESSIAH and Bach's CHRISTMAS ORATORIO.

In February the symphony was featured as a special attraction on Varsity Guest Week-end when this group of accomplished musicians gave their annual spring concert for two successive nights. The programme included Mozart's ENTFUHRUNG AUS DEM SERAIL overture, Brahms's HUNGARIAN DANCES, J. S. Bach's BRADENBURG CONCERTO No. 4 with violinist Ruth Chennells and flautists Mat Spence and Steven Pedersen as soloists. The guest soloist, Rosemary Holzworth, was featured in a Mendelssohn piano concerto. Hayden's TOY SYMPHONY with favorite professors manipulating the toys added a special note of levity to the programme.

symphony orchestra

Orchestra members contributed their talents to a variety of campus musical events. A piano trio provided dinner music for all campus banquets and several members were featured soloists on the University radio programmes and Sunday afternoon Musical Club programmes.

The 1953-54 executive drafted a constitution which was ratified by the membership, and a special University Symphony pin was designed by Professor Glyde.

After-rehearsal parties at the Students' Union Building and a final banquet highlighted the social activities of the club.

Guided by Mr. Crighton, the University Symphony Orchestra has, during the past year, realized the objectives set forth in its new constitution; namely to:

1. enable member musicians to play and enjoy symphonic music.
2. promote interest and give pleasure in symphonic music to students of the University of Alberta.

Before a sell-out crowd, PROF. R. S. EATON successfully conducts the tenth annual Mixed Chorus concert in Convocation Hall

The University Mixed Chorus, our largest students' Union club, climaxed this year with their highly popular concert series. After performing in Convocation Hall February 1, 2 and 3, the 165 members travelled to Calgary where they were enthusiastically received on February 4 and 5 by the Calgary Branch of the University of Alberta.

mixed chorus

The executive of the MIXED CHORUS, KEN OLIVER, MARGARET FALK, DONNA PARKER, LYDIA PAUSH, RALPH MARSHALL, JOHN ELDER (President) and LAWRENCE HARKER plan another of the Mixed Chorus's many events

Able accompanist for two years, DONNA PARKER, receives a token of CALGARY'S esteem during the February tour

Recording for BETTY TOM-
LINSON'S CBC programme
was a fall highlight for the
Mixed Chorus

Each Wednesday evening and
Saturday afternoon the Medi-
cal Building rings with the
sound of 165 voices as the
Mixed Chorus rehearses for
mid-winter concerts and spring
tour

THE UNIVERSITY OF ALBERTA MIXED CHORUS
presents its

tenth annual concert

PROGRAMME:

Jesu, Joy and Treasure.....	J. S. Bach

Scene 1 showing brutality in a camp of condottieries proves that even Italy was not so sunny in the 14th century

The mad girl enters singing in CLARA ANGELVEDT'S production of "Symphony in Illusion"

the crazed mob advances on Mary to kill her child

The Drama Society's most ambitious undertaking in a busy year was the series of short programs known as 4:30 Productions. Directed by members of the education directing class, such plays as "The Birth of Pity," "Symphony in Illusion," "As the Tumbrills Fall," and a trio of one-act plays, "The Last Leaf," "The Dreamy Kid," and "A Marriage Proposal" were presented to appreciative audiences.

Under a newly-arranged collaboration, one phase

of the production of each of the Studio Theatre's plays was taken over by the Society. For example, light and sound for "Right You Are" was performed solely by members of this organization.

Experts were called in to speak on such theatrical topics as acting, stage sets, and scripts at the club's monthly general meetings, furthering their attempts to revive in the public an interest in drama and other phases of theatrical work.

The crowd seeks Mary's forgiveness after finding out that the baby is already dead

The crowd listens as the mad girl tells of the war's end

Behind the bright lights

debating and political science clubs

In the battle of words with Saskatchewan, Manitoba and British Columbia, Alberta's debaters fell short of bringing home the glorious McGoun Cup. With the B.C. team visiting here on January 15th and an Alberta team going to Saskatoon, our orators scored one victory and suffered one defeat.

Under the able leadership of Joe Brumlik, twenty teams competed in the interfaculty debates held in March, the Hugill Cup being awarded to the victors.

Alberta's team JIM REDMOND, RALPH MILLER, JOHN BRACCO and ISIDOR GLIENER prepare for the McGoun Cup Debates

ISIDOR GLIENER upholds the Kinsey Report as team-mate JOHN BRACCO looks on

Highlighting the affairs of this year's Political Science Club was their bringing to the campus of such well known political leaders as George Drew and Tim Buck.

Their meetings, held every third Tuesday, featured discussions on political parties and various controversial topics. Panel discussions on subjects of current interest were also arranged by this busy group.

GEORGE DREW seen relaxing after addressing the Political Science Club

A brighter Future for ALBERTA

The Province of spectacular growth, based on development of rich natural resources, where the future holds still brighter prospects for students in all phases of business enterprise.

Calgary Power Ltd., Helping to Build a Better Alberta, is constantly expanding its facilities for the generation, transmission and distribution of electricity to keep pace with the rapid increase in demand.

Over 25,000 farms in Alberta are now receiving central station electric service

SERVING ALBERTA

Opportunity for Graduates

EVERY YEAR, The Bank of Nova Scotia welcomes a number of promising young men and women to its staff throughout Canada. This year employment opportunities for school and college graduates are greater than ever.

There are many advantages to a banking career with BNS. You will find congenial, stimulating surroundings, ample opportunity for advancement and fair pay with pension and insurance benefits.

Most of all, a banking career offers the widest scope for those whose talents and training lean to business administration, finance, and daily contact with the public.

See the manager of The Bank of Nova Scotia in your community about a banking career with BNS. He'll be glad to answer your questions fully.

Canadian Utilities Limited is a fast growing progressive power company serving Alberta. Power generating plants are being expanded and new sites explored in order to keep up with the heavy electrical demands of today. New high power transmission lines are being constructed to carry this power out to 230 communities and 5,000 farms in Alberta.

PUBLIC SERVICE

We are very proud of the men and women who represent this Company
in the field.

Stress has been laid upon the definite policy followed in the development
of our field forces. This policy is based on the belief that the buying public
is entitled to and needs now more than ever before, intelligent, well-
informed, conscientious advice and service in connection with the arrange-
ment of life insurance estates, regardless of their size

Imperial Oil films will be loaned for showing wherever 16 mm. sound projection equipment and a capable projectionist are available.

Documentaries, travelogues, and oil industry films may add interest to the program of your service club, school, church, convention, or other organized function where no admission is charged. Most of the films are in full colour.

Running time varies from about 12 to 40 minutes. Some Imperial Oil films are listed here. For further information and a complete list, write to your nearest Imperial Oil divisional office or to Imperial Oil Limited, 56 Church Street, Toronto, Ontario.

a few of the films available —

Newfoundland Scene—tale of outpost adventure—a prize-winning film showing the thrills of fishing, sealing and whaling.

Loon's Necklace—a legend of B.C. Indians which tells how the loon got his necklace. Performed with colorful Indian masks from National Museum.

Voyage in Quebec—a fascinating travelogue of a motor tour through historic French Canada.

A Mile Below the Wheat—tells the exciting story of a major oil discovery on Canada's Western plains.

Rendezvous on a Reef—a thrilling underwater adventure in the Bahamas. Breath-taking adventures on the ocean's floor.

Timberline—scenic grandeur captured in a cameraman's record of attempts to obtain a portrait of Rocky Mountain sheep.

The miracle on your wall

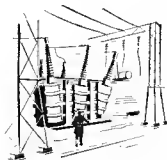

Behind the familiar wall switch lies the far-sighted planning and ingenuity of Canada's electrical industry that provides the low-cost power and efficient equipment which is helping to raise our standard of living.

When you want light in a room, you just flick a switch. It's as simple as that. And, if that minor miracle is taken for granted, consider a few of the other tasks electricity performs in the home.

It cooks complete meals while you are out—takes the labour out of cleaning, polishing, washing and ironing—keeps perishable foods in perfect condition, for months if necessary—supplies constant hot water—brings you radio and television entertainment—and helps to keep your home cosily warm in winter and delightfully cool in summer. This is fast becoming the pattern of living in even remote Canadian homes today.

While the role played by electricity in the home naturally looms large with all of us, it should always be remembered that by far the larger part of the power generated is used by industry. In fact, it is primarily because of the availability of this dependable source of power that Canada has been able

to develop her aluminum, pulp and paper, mining and manufacturing industries to their present position—which, indirectly, adds to the prosperity of all Canadians.

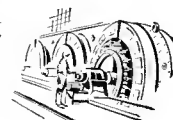

When you flip that familiar switch on the wall, have you ever given a thought to the amazingly intricate system of power equipment that lies behind it?

From the start, the story of Canada's electric utilities has been one of phenomenal increases in demand for power being constantly met, with the result that Canada has become one of the most highly electrified nations in the world. And, as always with this enlightened industry, tomorrow's needs are being taken care of by today's planning.

This Company engineers, manufactures and supplies a complete line of electrical equipment including generators, transformers, switchgear, wire and cable for the generation, transmission and distribution of electric power—as well as the motors and control, electronic devices, appliances, lamps and other products that put it to work.

We, of Canadian General Electric, take pride in the fact that electric power has become the pulse of the Canadian way of life because—as Canada's oldest and largest electrical manufacturer—we have helped to make it so.

Dawn of a new era in farm mechanization

During the past 107 years (1847 to 1954) Massey-Harris has built up a vast wealth of experience and "know-how" in the manufacture and distribution of farm implements. Also, during these years, Massey-Harris has earned an unsurpassed reputation for advanced engineering and quality manufacture. This reputation has been proved many times since Daniel Massey in 1852 built the first mowing machine made in Canada, down through the years to the recent pioneering and universal use of the famous Massey-Harris self-propelled combine. In 1952, Massey-Harris built the world's first full-scale scientific test track for farm implements . . . quickest way ever devised to improve design, add strength, reduce vibration, minimize the

effects of mud, water, dust. In recent years also, Ferguson implements have surged strongly forward, due to the revolutionary "Ferguson System", which makes tractor and implement a single working unit . . . giving users what is virtually a self-propelled plow, self-propelled disc harrow, etc. The "Ferguson System" has been widely imitated, never duplicated.

And now, for 1954 and the years ahead, Massey-Harris experience, "know-how", and test track facilities, have been pooled with the Ferguson genius for invention and innovation. Working together, these forces can be relied upon

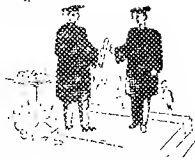

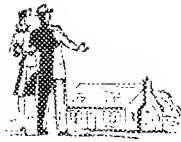

to evolve new machines that will out-distance the current models of both lines, to as great an extent as the present-day combine has out-distanced the binder.

**We Don't Like to
Boast, But**

it is a fact that the record of The Mutual Life of Canada for low net cost life insurance is among the most outstanding on the North American continent. It is a good reason why you should choose this Company when building your life insurance programme.

We are proud of another thing — our representative's knowledge in insurance matters and their ability to assist you in selecting the right type of policy to suit your needs.

**THE

The MACDONALD

☆

The Hotel to Remember

☆

TO KEEP PACE WITH POPULAR DEMAND FOR ACCOMMODATION, THE MACDONALD OPENED ITS NEW 300-ROOM WING EARLY IN 1953. HERE IS ACCOMMODATION AT ITS FINEST . . . FOR CLASS, SORORITY AND FRATERNITY GATHERINGS. EXCELLENT SERVICE AND EXTENSIVE NEW CATERING FACILITIES. WE INVITE YOU TO MAKE THIS YOUR SOCIAL HEADQUARTERS THROUGHOUT THE SEASON'S ACTIVITIES. CALL THE MACDONALD NEXT TIME YOU ARE PLANNING A SOCIAL FUNCTION. WE WILL BE PLEASED TO LOOK AFTER THE MANY DETAILS.

CONGRATULATIONS

... May Good Fortune Lie Ahead

On behalf of the Citizens of Edmonton, I extend sincere congratulations to each and every member of the 1954 graduating class of the University of Alberta. You have received priceless knowledge and experience in one of the finest educational institutions on the continent. May you keep them with you always — carrying on the fine tradition of the men and women who went before you.
